INVENTORIES

are a NECESSITY in the adjusting of LOSSES by FIRE or BURGLARY and in the SETTLING OF ESTATES. They should be made by people expert in the art, and bound in duplicate, one to be kept in the house for ready reference and the other put in a safe place together with the Insurance Policies.

Twelve years ago, I originated the System of Inventorying the contents of Private Residences, which has since become so popular and well-known throughout the country, and which I have since perfected to a high degree.

It affords the owner ABSOLUTE PROTECTION as nearly Three Thousand Patrons in the principal Cities and Summer Colonies of the United States will testify.

Estimates furnished free of charge and satisfactory work guaranteed.
Send for my illustrated Booklet which contains the names
of many of your friends and neighbors

STREET DIRECTORY

—AND GUIDE TO—

SUMMER RESIDENCES

COPYRIGHT, SAMPSON & MURDOCK CO. 1912

(See also List of Summer Residents)

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Broadway No. 220 is located, you look at Broadway, and find that Gould Street runs from 202, and Park Street from 226, showing that 220 would come on the left, between Gould and Park Streets

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

* Indicates streets accepted. ** Indicates part of street accepted

"MEET ME AT BARNEY'S"

¶Let's take a trip through their wonderful music shop.

¶Upon entering we are greeted with a "Make-yourself-at-home" smile and the sweet strains from a

VICTOR-VICTROLA

¶Looking about, we behold on our right a complete stock of

POPULAR AND OPERATIC MUSIC AND SMALL MUSICAL INSTRUMENTS

¶On the left, a customer's cosey corner equipped with writing desk—and the general offices. Farther along we see displayed different styles of

STEINWAY, HUME AND JEWETT PIANOS

¶At the rear, we enter one of the five talking machine demonstration rooms and hear a concert on an

EDISON PHONOGRAPH

¶Ascending in the elevator, we find ourselves in Apollo Hall—the piano wareroom—in which are displayed pianos in all styles and finishes.

¶Walking to the rear we see the repair and tuning departments, where pianos are rebuilt and refinished.

¶On the third floor, we see many pianos stored under ideal conditions.

¶Now we have had a good general view of this well equipped musical emporium.

¶Thank you for coming in. May we show you some particular musical instrument?
